

LLOYD KENNETH S. RAMOS

Taguig City, Philippines | 0993 281 2702 | kensalameda1@gmail.com

PROFESSIONAL SUMMARY

Computer Science graduate with a passion for software development and continuous learning. Strong problem-solving and analytical skills with a growing interest in AI-powered applications and full-stack development. Committed to building reliable solutions while adapting to new technologies and industry best practices.

TECHNICAL SKILLS

Languages: Python, JavaScript, PHP, SQL, C#
Frontend: React.js, HTML5, CSS3, Tailwind CSS, Vite
Backend: Django, Flask, Odoo ERP, Laravel
Databases: PostgreSQL, Firebase, Supabase
Tools: Git, GitHub, Vercel

INTERNSHIP EXPERIENCE

Application Developer Intern | Team Pacific Corporation | Mar 2026 – Jun 2026

- Developed enterprise applications and workflow automation using Python and Odoo ERP.
- Developed an IC Scratch Detection System to identify and detect scratches on integrated circuits using image processing and computer vision techniques.
- Contributed to frontend and backend development, system integration, testing, debugging, and performance optimization to improve detection accuracy and system reliability.

FEATURED PROJECTS

TCU-CEAA - AI Scholarship Evaluation System

Python, Django, React, Tailwind CSS, PostgreSQL

- Developed an AI-driven scholarship and grant evaluation system that automates applicant screening and evaluation.
- Implemented OCR, computer vision, NLP, and document-verification capabilities to support automated applicant assessment.
- Built the backend evaluation pipeline and user-facing submission workflow using a cloud-ready architecture.

Dokari – AI-Powered Knowledge Platform

React.js, TypeScript, Tailwind CSS, Node.js, OpenAI

- Developed an AI-powered documentation and knowledge platform that transforms repositories into intelligent, searchable bases using automated multi-path ingestion and vector embeddings.
- Implemented semantic search capabilities for context-aware developer queries, along with secure API key management and rate-limited developer endpoints.

EDUCATION

Bachelor of Science in Computer Science

Taguig City University | Graduated June 2026

CERTIFICATIONS

Python Essentials 1 | Cisco | 2026
Foundation of Cybersecurity | Google | 2026
Technical Support Fundamentals | Google | 2026
